Planning Forester

Kim Forest Management Ltd. (KFM) is a forestry consulting company based in Prince George, British Columbia. KFM provides natural resource consulting services to both public and private sector clients in forestry and other natural resource sectors with a focus on commitment, professionalism, quality, innovation and service.

KFM seeks a ***Planning Forester*** to provide ongoing **tenure administration and permit acquisition services** to our clients. An analytical thinker and effective communicator, you plan, organize and coordinate a range of projects and activities to achieve client goals. Typical responsibilities of the Planning Forester include:

- Client and subcontractor liaison and correspondence;
- Tenure administration support services and operational plan development including management plans, FSPs and site plans;
- Professional forestry advice and direction;
- Project work plan development, budgeting, and resourcing;
- Timber development coordination from reconnaissance to cutting permit and road permit application; and
- Submission of milestone and activity completion updates to RESULTS.

KFM offers extensive training, growth and development opportunities; a competitive salary and benefits package and an opportunity to work with a diverse, dynamic team of natural resource practitioners. Preference will be given to those individuals who are Registered Professional Forester (RPF) with the ABCFP.

If you are a motivated forest professional seeking a challenging and rewarding career opportunity, KFM encourages your application. Please submit resume and cover letter to info@kfm.ca.

Prince George is the largest city in Northern British Columbia and offers the unique opportunity to enjoy the amenities of a city, while finding a variety of wilderness opportunities just minutes away. Hiking, fishing, hunting, golfing, back-country skiing, white water kayaking, mountain biking and caving are a few of the outdoor activities that Prince George has to offer.
