

Field Supervisor

Posting ID: 18070
Position Type: Regular/Full-Time
City: Fort St. John, BC, Canada
Location: Fort St. John (BC02)

Who We Are:

At Canfor, we know wood-based products can build a better world, whether it's a component in your smartphone or skyscrapers built from wood. We founded our entire company on that idea. Because, we know that wood-based products are sustainable and the opportunities to innovative have only just begun.

We know when managed responsibly, the forest is everlasting and Canfor is committed to using virtually 100% of every tree for lumber, pulp, paper, and renewable energy—so nothing goes to waste.

You can find Canfor products in every corner of the globe. We're especially excited by the innovative ways some of our customers are using our products. We know that the work we all do at Canfor today will shape what the world looks like tomorrow. Whether that means building a house or a skyscraper, using paper instead of plastic or learning something new from a colleague down the hall or around the globe. We know not everyone thinks about their impact on the world but at Canfor, we do.

The Opportunity:

Canfor is currently seeking a motivated and experienced individual to join our team as **Field Supervisor** at the Fort St John division. **This is a full-time position.**

The Role:

- The Field Supervisor will be responsible for overseeing the day to day activities of the field crew in the development of cut-block layout and/or timber cruising activities.
- Responsibilities may include:
 - Photo interpretation and stratification
 - Layout of cut-blocks and roads
 - Traversing, timber cruising and cruise plan development
 - Pest identification and management
 - Riparian/stream classification
 - Layout reports
 - Mapping of field information

- Eco-typing and field resource assessments
- Training and development of field staff and assisting Forestry Supervisors as required.

The Candidate:

- Graduate from a forestry program or related field.
- Excellent communication and interpersonal skills
- Has the ability to safely perform physically demanding fieldwork in a team environment.
- Possess a valid Class 5 driver's license.
- Experience using ATV's and snowmobiles an asset.
- Minimum of 3 years cut-block development experience.
- Ability to organize, lead and train crews.
- Is a self-starter and can work with minimum supervision.

Successful applicants will be offered a competitive compensation package and the opportunity to expand their skill sets in a challenging and rewarding environment.

Please submit a current driver's abstract with your resume and cover letter.

The Incentive

Canfor offers a comprehensive, flexible benefits package that allows you to customize your benefits to meet your individual needs, and includes health and dental coverage as well as life, accident and disability insurance. In addition to this, we offer pension and other benefits.

Grow with us

At Canfor, we understand that our strength comes from our skilled and dedicated employees and we work hard to support their ongoing professional development. We offer a number of training programs and development opportunities to support each of our employees in their pursuit of career advancement and growth. Whether you want to develop upon your skills or advance your career with Canfor, we offer a promote-from-within culture that will give you these opportunities.

Canfor Values

At Canfor, our values are at the core of everything we do. Safety comes first, and we are proud of our unwavering commitment to excellence, and customer satisfaction, which allows us to safely and efficiently deliver quality products to our customers around the globe.

- Safety comes first.
- We succeed when our customers succeed.
- We are resilient and resourceful. We always find a way forward.
- We are a good neighbor in our communities and a responsible steward of the environment.
- We demonstrate integrity by doing what we say we are going to do.

Qualified applicants are encouraged to submit their application by 4:00pm on April 26th, 2019.

In order to be eligible for this position, you must be legally entitled to work in Canada for our Company.

There has never been a better time to join the Canfor team and become part of the modern forest industry. We have a wide range of rewarding careers in some of the best communities in North America, with plenty of room for advancement. Our mills are modern, high-tech and safe; and our marketing and sales activities are world-class. We offer competitive compensation and benefits packages, and are committed to the professional development of our employees.
