

CAPACITY FOREST MANAGEMENT LTD.

Working with First Nations

Forest Engineer Bulkley Valley Opportunities

Capacity Forest Management Ltd is a continually growing Campbell River based company working throughout the province specializing in full phase management of First Nation tenures. We currently have 30 employees and are looking to expand in multiple departments.

If you are looking to be an integral part of our **Northwest Bulkley Valley area** engineering team, have strong communication skills and a good work ethic we want to hear from you. We pride ourselves on being a **family oriented, fun** and **respectful** company dedicated to ensuring the **safety** of our staff.

SENIOR & INTERMEDIATE FIELD ENGINEER PREFERRED QUALIFICATIONS:

- Registered or eligible for registration with the Association of BC Forest Professionals as an RFT or RPF
- 4 years experience for Senior and 2 years experience for Intermediate level forest engineer in the interior including layout, permit applications, budgeting and supervisory skills
- Physically fit, willing to travel and work outdoors in remote locations

JUNIOR FIELD ENGINEER PREFERRED QUALIFICATIONS:

- Physically fit, willing to travel and work outdoors in remote locations
- Willingness to learn from senior members of the team and develop skills
- Good organizational and time management skills
- Valid Class 5 drivers license and experience driving in off road conditions as asset
- Train and build capacity as part of duties to our clients.

We offer a competitive salary and excellent benefit package based on experience for full-time employees.

Applications will be accepted until positions are filled.

Please apply for either position by e-mailing your resume and cover letter to info@capfor.ca with "Field Engineer Application" in the e-mail subject line.

We appreciate your interest, however only those selected for interviews will be contacted.
