

We have a number of rewarding seasonal (summer) positions in Fort St. James and Mackenzie, from May till the end of August 2019 with the possibility of extension and/or renewal (2020 summer season), available now:

[Forestry Field Crew Leader- Planning \(Mackenzie\)](#)

This position is for an energetic individual with layout or similar forestry field experience. We are willing to develop the correct applicant who has initiative and willingness to learn how to manage a small field crew (4 person crew). This individual will be a liaison between the forestry supervisor and the field crew; creating and managing timelines and schedules for the day to day activities which may include: road and cut block layout, timber reconnaissance, stream assessments, evaluating/assessing contractor layout, check cruising, as well as accompanying archaeologists, fisheries biologists, and bridge engineers.

[Forestry Field Assistant- Planning \(Mackenzie and Fort St. James\)](#)

This position is for somebody with experience that is in the forestry or environmental fields. First year students are also encouraged to apply for this position as we are willing to develop the correct individual that lacks experience. The ideal candidate will have a passion for forestry and a desire to learn/hone their foundational forestry skills for a career in the industry. Field duties involve but are not limited to: Road and cut block layout, timber reconnaissance, stream assessments, evaluating/assessing contractor layout, check cruising, as well as accompanying archaeologists, fisheries biologists and bridge engineers.

Here's What We're Looking For:

- A love of the outdoors – this position involves significant field work,
- Creative self-starters who aren't afraid to dive in,
- Excellent interpersonal skills,
- A valid driver's licence,
- Preference will be given to those enrolled in, or graduates of, a forestry or natural resource program.

Here's What We Offer:

- Great financial benefits including a competitive salary and living accommodations provided,
- A wide range of career development/training opportunities,
- The chance to live and work in an active community offering the best aspects of small town life with a recreational center, extensive all season trail system, golf course, and hospital; all within a 2 hour drive of the city of Prince George and the University of Northern BC,
- Working in a dynamic office with young professionals.
