

Are you ready to join a dedicated, hardworking team of professionals? Do you have a passion for making a difference? Then we want to hear from you!

We have a number of rewarding professional positions available now, including:

Harvesting Superintendent – Ft. St. James

As an integral part of the Fibre Team, the Operations Superintendent will be responsible for all aspects of Harvest Planning, Harvesting Operations and Post-Harvest Assessments including safety, cost, quality and productivity for their division. The Operations Superintendent will have oversight of the Harvesting team and all contractors for their division and be a liaison with the Planning, Silviculture, Fibre Manger, and sawmill

Key Responsibilities:

- Manage contractor safety, performance, and environmental stewardship in the operations.
- Management of a strong staff and contractor workforce, to achieve size, species profile and cost targets for Conifex's facilities.
- Develop strategies and provide leadership and direction to improve safety, reduce operational costs, enhance log value and maximize margins while meeting mill requirements.
- Plan and execute annual road, harvest and post-harvest programs.
- Participate in various contract negotiations.
- Professional interaction with Government personnel and industry partners.
- Oversee remote camps and water transport operations.
- Engaging and developing relationships with key stakeholders and suppliers, including Harvesting and Road Contractors, Communities, Local government agencies, other forest licensees Harvesting representatives, non-timber tenure holders.
- Participate in the development of annual budgets and rolling monthly outlook projections to achieve cost targets.
- Demonstrate the highest level of commitments to continuous improvement initiatives by implementing cost effective management processes and actively participating in Conifex's deployment strategies.
- Participate and lead initiatives to grow / improve Canfor's business and customer relationships.
- Providing and supporting a positive atmosphere for personal, professional and team development.

Here's What We Offer:

- Excellent financial compensation and health benefit package, including an annual health spending allowance.
- A wide range of professional development and training opportunities.
- Flexible work hours.
- The chance to live and work in an active and growing community offering the best aspects of small town life with a wide range of amenities, including superb outdoor recreational opportunities of all types.
- Less than a 2 hour drive of the city of Prince George, the University of Northern BC, and an international airport.

Required Skills:

- Strong work ethic and love of the outdoors.
- Excellent leadership and communication skills, project management skills, and an ability to work within a team environment.
- Knowledge of applicable BC legislation and policies.
- Self-motivated team player with ability to communicate verbally and in writing.
- Strong computer skills and aptitude for forestry-based technologies.
