

COPPER CANYON CONSULTING

Forest Engineering & Project Management

www.coppercanyon.ca

COPPER CANYON CONSULTING LTD is based in Crofton, on southern Vancouver Island. We serve clients from the Cowichan Valley to Clayoquot Sound and we are committed to finding practical solutions to their problems. We use sound management practices to meet their requirements and apply professional standards to exceed their expectations. Copper Canyon offers a wide range of services including forest engineering and related project management, timber evaluation, and GIS/Mapping. We are a company that promotes professional development and responsibility, with an emphasis on quality of work and safety.

We have opportunities for experienced Forest Engineers, Timber Cruisers and Foresters. Applicants should possess the drive to thrive in a team environment, working towards achieving optimum results for our clients. Our training and mentorship also provide excellent opportunities for those limited in forestry experience and we encourage recent graduates of post-secondary programs to apply as well.

Employees from every area of Copper Canyon Consulting, regardless of position, are expected to contribute and engage in our health and safety program. We are a Safe Certified company and we make safety the top priority.

If you are interested in applying for a position with us you can send your resume and application letter to careers@coppercanyon.ca.

Please note: We would like to thank all applicants in advance however, only those candidates considered suitable for the positions will be contacted. Applicants must be eligible to work in Canada and resumes will be accepted until May 5, 2019.
