

## **Eacom Timber Corporation**

### **CONTINUOUS IMPROVEMENT FORESTER - Flexible location in Ontario**

Reference: TIM\_Continuous\_Improvement\_Forester

Duration: Permanent, Full Time

Location: TIMMINS, ON

EACOM Timber Corporation is a major Canadian wood products company. Its operations include the manufacturing, marketing and distribution of lumber and wood-based value-added products, and the management of forest resources. EACOM currently owns seven sawmills (5 in Ontario, 2 in Quebec), a remanufacturing facility (Quebec) and an engineered I-joists plant (Ontario). Its head office is located in Montreal, Quebec, and the company is now hiring more than 1 000 passionate people. The Company is committed to investing in strong assets, including healthy forests, advanced technology and talented people.

### **EACOM Ontario Woodlands Division is presently looking to hire a Continuous Improvement Forester.**

The incumbent would be assisting the four EACOM Woodlands groups with performance improvement projects. The incumbent may be located at any EACOM Woodlands location in Ontario (Timmins, Nairn Centre, Elk Lake and Ear Falls).

#### **RESPONSIBILITIES:**

Reporting to the General Manager of Ontario Forest Operations, work with the Woodlands Managers and Sawmill operations to improve and gain knowledge on all aspects of operations.

- Work with a continuous improvement team to establish and maintain a return-to-log database for each mill operation in Ontario and Quebec.
- Work with vendors to determine the best data collection tools available for the Woodlands groups.
- Assist Woodlands groups in the establishment and maintenance of a variety of data collection tools used to monitor Woodlands equipment performance.
- Set up and maintain the distribution of equipment performance reports to Woodlands groups and contractors.
- Establish and maintain Key Performance Indicators and reports for the Woodlands Groups.
- Work with Woodlands groups and contractors to collect harvester processor data to establish local volume tables and other forest based data.

#### **SKILLS PROFILE:**

- Strong organizational, mathematical, statistical and reasoning skills;
- Ability to demonstrate initiative and autonomy;
- Ability to work as part of a team;
- Flexible and adaptable to a variety of work environments and situations.

#### **REQUIREMENTS:**

- Bachelor degree complete in Forestry or Business education or Industrial Engineering.
- Experience in manufacturing or Forestry industry (asset);
- Ability to walk standing timber and harvested areas. (walk through forest)
- Computer skills required include knowledge of Outlook, Word & Excel.
- Requires good written and verbal communication skills
- The candidate should be available to travel with overnight stays required on a regular basis.
- Must possess a valid driver's license.

If you are invited to continue the selection process, please notify us of any particular adaptive measures you might require. Any information you send us will be handled respectfully and in complete confidence.

EACOM is an employer that respects equal opportunities in employment.
