

FOOTHILLS FOREST PRODUCTS

is a manufacturer of dimensional lumber and wood pellets in Grande Cache, Alberta.
As a premier manufacturer of quality products, we are presently seeking a

Health, Safety & Environment Coordinator

The successful candidate will be a leader in their current role with excellent interpersonal skills, an intense focus on safe work practices and a goal-focused aptitude.

To succeed in this position, the successful candidate will possess the following attributes:

- Exceptional knowledge of legislative requirements, operational procedures and how work practices can be implemented and sustained in a manner that achieves compliance in working safely and protecting the environment;
- Excellent communication and interpersonal skills that will be effective in creating heightened awareness amongst employees and support amongst peers to establish procedures that support health, safety and the environment;
- Highly organized in managing time, organizing activities, drafting procedures and correspondence, filing documents and maintaining a large variety of data;

We endeavour to rank amongst the best in safety, quality, efficiency and cost. We value our customers, appreciate our employees and strive toward operational excellence in manufacturing and environmental stewardship.

If you wish to pursue a new and challenging career opportunity, to further develop your skills and enjoy a competitive wage and benefits package, please submit your covering letter and Resume to: reception@foothillsforestproducts.com

Foothills Forest Products is an equal opportunity employer. While we appreciate the interest of all applicants, only those selected for an interview will be contacted.
