

Planning Forester

Employing over 2,700 persons at manufacturing and woodlands operations throughout Western Canada, this major forest company provides opportunities for continuous career growth and development.

The Planning Forester will work closely with the Area Supervisors and will be involved with planning and approval for harvesting areas, road layout and construction as well as silviculture and post-harvest programs.

Candidates should have a successful career to date in forest planning; post-secondary education in forestry; proficiency in Microsoft office; and be eligible for Professional status as a Forester or Forest Technician.

Located in a community of 2,600 that provides the very best of rural living including quality education facilities; wide range of reasonably priced housing; an array of shopping locations and restaurants; excellent community environment with many sporting and recreational activities. Edmonton population 950,000 is about 3.5 hours away with other major centres much closer.

The company offers a starting remuneration range of \$75,000 to 90,000 depending on qualifications / experience and exceptional benefits for you and your family. You will work where you live with an environmentally responsible company where safety is a core value.

Interested persons should forward resumes or for further information, please contact:
