

FOREST PROFESSIONAL

As one of BC's most integrated Forest Management companies, Infinity-Pacific Stewardship Group (IPSG) offers an impressive array of opportunities. IPSG is currently seeking "Forest Professionals and Technicians" for our Southern Interior division based out of the Boundary/West Kootenay area.

Infinity-Pacific Stewardship Group is an established natural resource management consulting company and its main office is located in Abbotsford, British Columbia, Canada with satellite operations throughout BC. Our core business is providing full phase operational planning services for government, industry, private lands and First Nation clients. IPSG is a positive team of like-minded individuals who pride themselves on their reputation for excellence and providing quality expertise. IPSG offers a competitive compensation package inclusive of a benefits plan and is committed to developing and supporting professional development.

Qualifications:

- Registered, eligible or a desire to register with the Association of BC Forest Professionals as RPF, RFT, FIT, TFT, ATC or SAS
- Commitment toward safety
- Experience working outside in variable weather conditions year round
- Valid BC Drivers Licence
- Experience working with multiple software programs such as RoadEng, ArcGIS, RESOURCES (CENGEA), Microsoft Office (Word, Excel, Outlook)
- Technical report writing and editing skills
- Willingness to travel for work

Responsibilities:

Commensurate with experience, the applicant, while working with a team of Registered Professional Foresters and Registered Forest Technologists at IPSG, can expect to be exposed to various aspects of forestry including, but not limited to:

- Cutblock and road location planning, development and surveying
- Timber cruising/valuation and waste surveying
- Developing site plans in the field and in the office, including reviewing professional reports, assessments and constraints for proposed development areas
- Writing silviculture prescriptions
- Implementing and supervising silviculture activities, including planting and brushing

- Developing landscape-level management plans and strategies for small tenure holders, including forest stewardship plans, total resource plans and retention strategies
- Managing projects to ensure budget and deliverable targets are achieved
- Reviewing, understanding and implementing plans consistent with BC Forestry Legislation, Regulations and Policy & Practices, guidelines, best management practices, higher level plans, etc.

Assets:

- Experience in cutblock and road layout and design
- Experience with silviculture surveying and / or timber cruising
- Experience in cutting permit and appraisal submissions
- Familiar with BC Forestry Legislation, Regulations and Policy & Practices
- Experience with ecosystem identification and classification as per BC's Biogeoclimatic Ecosystem Classification system
- Experience in developing and writing landscape-level plans, including writing rationales for the recommendations

Personal Attributes:

- Critical thinking and problem-solving skills
- Self motivated and eager to learn
- Excellent communication and interpersonal skills
- Must be flexible, organized and possess good time management skills

To apply, send your resume and cover letter via email with “**Forest Professionals and Technicians Position**” in the email subject line, addressed to Human Resources at: hr@infinity-pacific.com.

Thank you!
