

FOREST PROFESSIONAL

As one of BC's most integrated Forest Management companies, Infinity-Pacific Stewardship Group (IPSG) offers an impressive array of opportunities. We currently have a position available for a "Forest Professional" in our coastal division based out of Abbotsford, British Columbia.

Some of your responsibilities as a Forest Professional will include:

- Working with the team of Registered Professional Foresters (RPFs) at IPSG within various aspects of forestry
 - Developing site plans in the field and in the office, including reviewing professional reports, assessments and constraints for proposed development areas
 - Writing silviculture prescriptions
 - Reviewing, understanding and implementing plans consistent with BC Forestry Legislation, Regulations and Policy & Practices, guidelines, best management practices, higher level plans, etc.
 - Managing projects to ensure budget and deliverable targets are achieved
 - Developing landscape-level management plans and strategies for small tenure holders, including forest stewardship plans, total resource plans and retention strategies
 - Implementing and supervising silviculture activities, including planting and brushing
 - Assisting area managers and lead engineers in the field with cutblock layout and design

REQUIREMENTS:

- Member of the ABCFP as an RPF, RFT, FIT or TFT
- 3 years of experience in developing site plans, writing silviculture prescriptions, managing forestry-related projects and/or supervising silvicultural activities
- Valid BC Driver's License
- Experience working in the field in all weather conditions
- Experience working with Microsoft Office (Word, Excel, Outlook)
- Technical report writing and editing skills
- Safety conscious
- Willingness to travel for work

ASSETS:

- Experience in coastal cutblock and road layout and design
- Experience with RESOURCES (Cengea) data system entry
- Experience with silviculture surveying and / or timber cruising

- Familiar with BC Forestry Legislation, Regulations and Policy & Practices
- Experience with ecosystem identification and classification as per BC's Biogeoclimatic Ecosystem Classification system
- Experience in developing and writing landscape-level plans, including writing rationales for the recommendations

PERSONAL ATTRIBUTES:

- Critical thinking and problem-solving skills
- Self motivated and eager to learn
- Excellent communication and interpersonal skills
- Must be flexible, organized and possess good time management skills
