

Position Type: Permanent/Full-time
Location: Vancouver Island (To Be Determined)
Start: Immediately

WHO WE ARE

Integrated Operations Group Inc. (IOG) is a growing full-phase forest development firm based on Vancouver Island tailoring primarily to the forestry, construction and utility industries. We specialize in steep, remote, constrained and all-around challenging forestry projects with a focus on value rather than volume. Our team consists of professional foresters, certified arborists, fallers, tree climbers, forest engineers and other resource professionals.

THE OPPORTUNITY

IOG is seeking a motivated individual to fulfill the role of **OPERATIONS PLANNER** on our team. Reporting to the Operations Manager, the role is multi-faceted and diverse and will have exposure to all phases of our business from planning and layout through to log delivery and marketing. The role will concentrate primarily on project planning and development in the forestry sector. It is anticipated that this position will be 50% office based and 50% field based. Field work will require some camp accommodations in various locations across the coast on an as-needed basis.

KEY RESPONSIBILITIES

- Support the Operations Manager in the execution of various projects. Some examples include total-chance-planning, salvage logging, "snap-and-fly harvesting", helicopter logging, fire-fuel management, and tree hazard abatement for utilities and municipalities.
- Work with IOG Project Manager(s) and other members of our team to ensure efficiency between phases.
- Use progressive thinking to find additional value and opportunity through project execution.
- Build effective project teams of employees and contractors in order to meet project goals.
- Work with IOG fallers, climbers and logging contractors to hone in on missed opportunities for added value in future development projects.

THE IDEAL CANDIDATE WILL:

- Have a proven track record of leadership and project management skills.
- Be an effective communicator.
- Have a Class 5 driver's license.
- In-depth knowledge of BC forest industry and awareness of various harvest methods.
- Professional forestry designation (RPF or RFT) or eligibility is an asset.
- Experience with log grades and sorts is an asset.
- Experience with coastal road and cutblock layout is an asset.

COMPENSATION

IOG is offering a competitive salary, company truck, comprehensive benefits package, matching RRSP contribution and other compensation for this position.
