

EXCELLENT PEOPLE MAKE EXCELLENT BUSINESS

Norbord is the leading global OSB manufacturer. Our success comes from hiring skilled and talented team members in all areas of our business. We are dedicated to developing and retaining a strong and committed workforce that ensures we remain at the forefront of manufacturing excellence. At Norbord we are committed to teamwork and safety without compromise. We are currently seeking an exceptional individual for the following vacancy:

PLANNING AND SILVICULTURE FORESTER - 100 MILE HOUSE, BC

Reporting to the Operations Superintendent, the Planning and Silviculture Forester is a leading member of the team responsible for timber development and silviculture management under Norbord's SFI-certified British Columbia forest tenures.

Working closely with the Planning Supervisor, key roles of this position include but are not limited to:

- Managing Norbord's timber development program, including contract establishment and supervision of forest consultants in the delivery of approved Cutting Permits, Road Permits and Forest Stewardship Plans
- Managing and supervising Norbord's silviculture program
- Liaising with government agencies, First Nations, members of the public, other licensees and stakeholders
- Preparing timber development and silviculture budgets, forecasts, assessments and reports

This position requires a high energy and commitment level, and a positive outlook. Excellent interpersonal, analytical and organizational skills are essential, as is the ability to work collegially with people of different backgrounds and perspectives.

The ideal candidate has a post secondary degree in Forestry, is currently registered as a Professional Forester with the ABCFP and has at least 3-5 years of experience in a related role. Candidates with less experience may be considered for alternate positions.

Interested candidates please submit your resume to:
