
Tanglefoot Forestry Consultants Limited – Cranbrook and Surrounding Area

Senior & Junior Forestry Field Positions Available

Junior Forestry Field Position

- Work as a team member to assist in the development of block & road layout, GPS traversing, stream classification and timber cruising.
- Must be physically fit, enjoy working outside and possess a valid class 5 driver's license.
- Although not a prerequisite, preference will be given to applicants who have or are working toward a forestry related technology diploma or degree.
- On the job training will be provided as needed.

Senior Forestry Field Position

- A minimum of 2 years' experience in field activities such as block & road layout, GPS surveys, stream classification and timber cruising.
- Ability to work as a team member and lead junior staff.
- Preference will be given to candidates who are currently registered or eligible for registration with the Association of BC Forest Professionals.

Competitive salaries offered dependent on position and experience.

Benefit package available after a 6 month trial period.

Tanglefoot Forestry Consultants Limited has been providing excellent service to clients for 11 years. Our clients include individuals, industry and government agencies operating on both private and Crown land. We are a small, diverse and experienced group that provides timely and practical solutions when addressing our client's needs.

Located in South Eastern British Columbia, these opportunities would allow you to live in an area that is affordable and provides a high quality of life.
