Forest Engineer

~ Temporary ~

Do you thrive in a dynamic and challenging environment with opportunities for continuous growth and development?

When you join the Teal-Jones Group, you are joining a leader in the industry. The entrepreneurial spirit embedded throughout the Teal-Jones Group of companies started more than 60 years ago. We have built our success and continue to grow.

The Teal Jones Group is currently accepting resumes for a temporary Forest Engineering position. This position is available March 2017 and will end in November 2017.

Forest Engineer- Primary duties and responsibilities include:

- timber and road reconnaissance
- road and block boundary traversing
- deflection lines
- GPS surveying
- creek assessments

The following general qualifications are considered important to effectively undertake this position:

- a general knowledge of forestry and related activities with current or past enrolment in a forestry program and/or forestry experience,
- the candidate must be physically fit and able to work in rough terrain and adverse weather conditions,
- work independently and safely in remote areas,
- possible camp work,
- the candidate must possess a valid driver's license and provide their own transportation to the daily marshalling point.

This engineering position is based at Teal's Fraser Valley Operations office, located in Surrey B.C. However, the position is field-oriented and therefore the candidate must be prepared to marshal with the Teal engineering crew at various locations throughout the northern Fraser Valley.

Interested persons may forward resumes and a cover letter to: careers@tealjones.com. The position will be filled when a suitable candidate is found. We thank all applicants for their interest; however only those selected for an interview will be contacted.
