

## Forestry Technician

Lumby, BC

### POSITION OVERVIEW:

Under the direction of an Operations Forester the Forest Technician is responsible for forest development activities including road/cutblock layout, timber cruising and completion the associated plans and appraisal packages in a safe, timely, cost effective and professional manner. This position generally encompasses both field and office duties.

This is a unionized position, within the United Steelworkers Local 1—423. Compensation is governed by the Southern Interior Master Agreement.

### QUALIFICATIONS:

- A proven commitment to safety;
- A minimum 3 years related industry experience;
- A demonstrated ability to meet performance measures;
- An understanding of forest policy, guidelines, and regulations;
- Excellent communication, interpersonal, organizational and team skills;
- A valid driver's license is required.

### WHY TOLKO:

- Work at a company where safety is a core value
- Care for yourself and your family with competitive pay and exceptional benefits
- Work with the best and brightest in the industry
- Live where you work
- Be part of a sustainable and environmentally responsible company

### ABOUT TOLKO:

We are a leading manufacturer of a wide range of forest products for customers around the world. For nearly 60 years, our family-owned company is recognized by our customers and business partners for delivering reliability, flexibility, efficiency and quality. With the third generation of family leadership, we're continuing that legacy in our mills throughout Western Canada.

At Tolko, our values, vision and mission aren't just what we believe. They're how we work, live and serve our customers every day. Fundamental to our success is a committed workforce that thrives on change, building relationships, and a drive toward excellence.

We are committed to the well-being of future generations through responsible operational and environmental performance. This commitment applies to all aspects of our business. We hold third-party certification on the forestlands that we sustainably manage in British Columbia, Alberta and Saskatchewan. And we strive to play an active and constructive role in the communities where we live and work.
