

CAREER OPPORTUNITIES

Forestry Professionals - Field and Area Planners

Western Forest Products is currently recruiting for Forestry Professionals to fill the roles of Field and Area Planners in our forest operations on Vancouver Island, B.C.

RESPONSIBILITIES

Field Planners:

Field Planners are responsible for planning, contractor supervision, and quality control of engineering projects. They will provide professional layout in the field and develop sound operational plans.

Area Planners:

Area Planners play a lead role in Forest Operations Planning, providing ongoing tenure administration and permit acquisition services. Candidates in this role are responsible for engineering related planning and operational forestry related to the engineering, road construction planning and harvest forecasting within the designated TFL

We have the following vacancies; please click the links below for details & to apply online:

<u>Field Planner</u>	Port McNeill
<u>Field Planner</u>	Campbell River
<u>Area Planner</u>	Campbell River

Work, Live and Play

Individual and environmental responsibility in the communities where we work, live and play is critical to ensuring that we continue to build and maintain strong partnerships with our neighbours. For a closer look at the beautiful locations that our employees call home, please visit:
