

CAREER OPPORTUNITY

Maintenance Superintendent

Western Forest Products is currently recruiting for a Maintenance Superintendent for our Alberni Pacific Division, located in Port Alberni, B.C. Reporting to the Sawmill Manager, this challenging and rewarding opportunity will be responsible for the safe and efficient execution of the Maintenance Department and its personnel.

Description

You are a highly motivated individual who recognizes the value of a team-oriented approach in the performance of this challenging position. You bring to the job an exceptional safety record and a willingness to work with Western Forest Products in reaching its safety, environmental and production objectives.

Skills, Knowledge and Required Competencies

The successful candidate should have an Interprovincial TQ in one of the mechanical trades, and preference will be given to those with a strong working knowledge of sawmills and their processes.

Minimum 5 years' experience in a unionized environment

Applicable knowledge of occupational health & safety regulations and an exceptional personal safety record history

- Ability to motivate team members to improve uptime, and foster a safety culture
- Build and maintain a total maintenance system that includes but is not limited to managing WOs, PMs & document equipment history performance
- Excellent organizational and time management skills to develop complex schedules and estimate engineering/design work-hours for all tasks
- Mediation, negotiation and contractor management skills
- Strong verbal and written communication skills
- Sound judgment and a demonstrated ability to exercise necessary cost control measures
