

About **Western Forest Products**

Western Forest Products is a diversified wood products company that sustainably manages forests and manufactures high-quality wood products on the coast of British Columbia.

Western employs approximately 2,000 full-time employees throughout its business units. We operate seven flexible manufacturing facilities on the coast and as the largest Crown timber tenure holder in coastal BC, Western has a superior timber asset base and secure fibre supply. Its high-value, diverse products serve global markets.

People

Get ready to grow your career with a company that invests in your success – welcome to Western Forest Products!

Western's most significant asset is our people. Western seeks to employ people who are highly engaged, skilled, and committed to the safe, efficient, sustainable, and productive operation of their business and contribute to continuous improvement by Defining a Higher Standard. We support personal and professional development, fosters mutually-beneficial relationships with all its stakeholders, and promotes active participation in the communities where their employees work and live.

Employee Health and Safety

WFP is recognized as a company that is committed to providing a **healthy and safe workplace** for its people and will do the utmost to ensure that all people working for the company return home safely at the end of each work day.

Quality Control & Production Coordination Positions

Western Forest Products is currently recruiting for qualified, and experienced Quality Control Supervisors and Production Coordinators at our various sawmills on southern Vancouver Island.

These exciting, and challenging opportunities will play a vital role in Defining a Higher Standard at Western's sawmilling operations. Candidates will be results driven, highly motivated team players, who promote a strong safety culture and a mindset for continuous improvement.
