

Background:

Weyerhaeuser Princeton Timberlands, is accepting applications for the position of Forestry Supervisor. As the successful candidate, you will be part of an empowered and professional team that manages timberland operations in the Similkameen and Okanagan regions of southern British Columbia. The team is responsible for providing the Weyerhaeuser saw mill in Princeton and other wood using facilities in the region with 1.2 million m³/year of wood from TFL59, forest licenses, management agreements and wood purchases.

Key Functions:

Your assignment will be in either the Planning Team, reporting to the Planning Manager or as part of the Operations Team, reporting to the Operations Superintendent. Assignment placement will be based on your experience, skills, and career interests. The assignment is based out of the Princeton office.

The Planning Team is responsible for strategic and operational planning. As part of this team your specific duties would include:

- Road layout and Cutting Permit design
- Preparation of Site Plans
- Cutting/Road Permit applications and appraisal analysis
- Supervising consultants to assist them in achieving developed timber objectives
- Maintaining a positive relationship with government agencies, stakeholders and the general public
- First Nations information sharing
- Electronic submissions to government
- Active involvement in safety and environmental systems management

The Operations Team is responsible for timber harvest & haul and associated road development and maintenance activities. As part of this team your specific duties would include:

- Providing safety leadership
- Ensuring compliance with safety, contractual and environmental management systems
- Harvest scheduling, log delivery, quality and cost forecasting
- Road construction
- Road monitoring and management of annual maintenance and deactivation activities
- Negotiation of contracts and road use agreements

Other duties may include log purchase and sales, equipment productivity studies and rate modeling, cycle time management, scaling management, fire preparedness etc

Requirements:

- Demonstrated leadership in safety
- Demonstrated ability to communicate effectively, and develop effective working relationships
- Demonstrated ability to work both independently and as a team member
- Registered or eligible for ABCFP registration
- A minimum of 2 years' experience in forest operations or operational planning

We look forward to viewing all qualified candidates. Please use the following link to submit your application for this role: <http://weyer.jobs/11406>.

About Weyerhaeuser:

We've been in business for 117 years and believe strongly in our core values of safety, integrity, citizenship and sustainability. The company has been named as one of the World's Most Ethical Companies for the last 6 years. We manage 4.6 million hectares of licensed forested lands in Canada and own 5.2 million hectares of forested lands in the United States, all managed to SFI standards. Our 36 manufacturing facilities in North America produce lumber, oriented strand board, engineered wood products, veneer, plywood and medium density fiber board.

We offer a competitive salary, a performance based incentive plan, comprehensive benefits and the opportunity to grow your career at sites in BC, Alberta, Saskatchewan, Ontario and across the U.S. Check us out at www.weyerhaeuser.com

About Princeton:

Situated at the confluence of the Similkameen and Tulameen Rivers, Princeton is an hour away from the south Okanagan and 3 hours from the lower mainland. Recreation amenities in and immediately adjacent to town include an 18 hole golf course, a curling rink, an indoor arena, an outdoor pool, ATV trails, mountain bike trails, and groomed nordic ski trails. The town hosts an annual rodeo, an outdoor music festival, and is home to a regional library, a museum and an active community theater group.

Regionally within an hour's drive are two ski resorts, two nordic centers, two provincial parks, and an endless supply of lakes, hills, mountains and trails to explore. Within this beautiful natural setting, hunting, fishing, camping, hiking and white water kayaking are some of the many outdoor pursuits enjoyed by local residents.
