

Senior Forestry Engineer Position(s):

Chartwell Consultants Ltd. is a consulting firm specializing in forestry and mapping services with a diverse client base and a reputation for quality and service. We are based in North Vancouver and have additional offices in Chilliwack, Sechelt and Squamish.

We would like to add Senior Forestry Engineer(s) with a minimum of 5 years of coastal British Columbia experience to our team. Registered, or eligible for registration, with the ABCFP, as a Register Forest Technologist, a Forester in Training or a Registered Professional Forester would be an asset. The successful applicant will have a comprehensive knowledge of forestry legislation and experience in forestry engineering of cutblocks and roads for conventional and helicopter harvesting systems. Additionally, the individual(s) should demonstrate strong organizational and communication skills and be proficient with applicable computer software (Microsoft Office, RoadEng, etc.). This position will primarily be based in Chilliwack and/or North Vancouver, BC; however the applicants must be willing to travel for extended periods to assist our crews operating in other geographic areas.

The primary responsibilities for this position will/may include:

- **Field Engineering/Layout of Cutblocks and Roads**
- **Co-ordination of Field Crews**
- **Preparation and Coordination of Engineering Reports, Professional Assessments and Road Designs**
- **Road Inspections and Deactivation Prescriptions**
- **Preparation of Applicable Documents for Cutting and Road Permit Applications**

Chartwell Consultants Ltd. offers a competitive salary and a comprehensive benefits package. Compensation will be commensurate with experience in addition to the individual's ability to add to corporate value. To apply, please forward by e-mail a resume with a covering letter to info@chartwell-consultants.com. We thank all applicants for their interest, however, only those selected for an interview will be contacted.
