

## Harvesting Equipment Operators

Triton Logging of British Columbia has opportunities for experienced harvesting equipment operators for international assignments. The operators will operate and provide basic maintenance for the specialized 'SHARC' log harvesting equipment which is designed to harvest underwater standing timber.

For further information on the SHARC, please review video at [www.tritonlogging.com/video.shtml](http://www.tritonlogging.com/video.shtml).

These positions will interest persons who will enjoy international travel and working with people of diverse cultures. The initial assignment will be on Lake Volta in Ghana on Africa's Atlantic coast. To learn more about the Lake Volta project, please see the website at [www.csrdevelopments.com/home.html](http://www.csrdevelopments.com/home.html).

### **Experience and Qualifications**

- Minimum of 5 years relevant experience with single-grip harvesting equipment
- Ability to troubleshoot and perform equipment repairs
- Valid passport and driver's licence
- Boat operator's licence is an asset
- Current Level 1 Occupational First Aid with Transport Endorsement is an asset
- Previous camp or overseas work is an asset

### **Personal Attributes**

- Enjoy international travel
- Self-directed and results driven; can work independently and within a team
- Good written and verbal communication skills
- High level of emotional maturity. Flexible and adaptable
- Positive attitude

The position offered is full time and includes a benefit package, competitive wage and flexible holidays.

Forward resume or for further information, please contact:
