Junior Forester and/or Forest Technician

Location: Quesnel, Kamloops, Vernon BC

Job description and duties:

Nortech is currently seeking applicants to fill full time positions based out of the Quesnel, Kamloops and Vernon areas. As a member of Nortech's team, you will be involved with mapping, boundary marking, mensuration, vegetation inventory plots and riparian assessments along BC Transmission lines throughout the southern interior of the province. Other responsibilities may include cutblock and road layout, regeneration surveys and free growing surveys, timber inventory and GPS traversing.

Qualifications / assets:

- Degree or diploma in forestry;
- Team player with strong organization, communication, supervisory and computer skills
- Excellent field skills, experience in remote access situations, willingness to travel
- Registered, or be eligible to register, as a Professional Forester (RPF / FIT) or Forest Technician (RFT / TFT)
- Good problem solving skills, ability to change and adapt work plans
- Good verbal and written communication skills
- Excellent map reading skills and ability to accurately map out features in the field
- BC Transmission and Silviculture surveying experience will be considered an asset
- Valid class 5 BCDL

Applications will be accepted up to **March 16, 2010**.

Please email a cover letter and resume to jobs@nortechforestry.com.

Resumes may also be faxed (attention: Mike) to 250.992.8087 or mailed to:
