JOB POSTING - GIS TECHNICIAN

January 25th, 2011

Silvacare Inc. is a GIS and Data Resource consulting company located in the Comox Valley on Vancouver Island. We specialize in everything from data acquisition and operational mapping to full phase data management and service a wide range of clients including Forestry, First Nations, Tourism, and Municipalities.

We currently have an immediate opening for a GIS Technician/Analyst to compliment our existing team and encourage interested parties to apply.

Ideally this candidate will possess the following qualifications:

- A GIS Diploma/Degree (or equivalent related experience) with working knowledge of the resource sectors and/or operational mapping within the forest industry.
- The ability to work independently but more importantly, work with the other team members to meet shifting company workloads and deadlines.
- Strong ArcMap skills and familiar with the ESRI Suite of mapping products, Cengage Forest Resources, Microsoft Office, Trimble GPS software, Roadeng and VNS.
- Comfortable working with Geodatabases and managing data integrity based on established protocols.
- Preference will be given to those demonstrating a strong forestry background.

At Silvacare Inc. we offer a competitive salary based on experience, a positive working environment with a dynamic well-established team, as well as being supportive to continuing education goals.

Please forward resumes in confidence to Ken MacPhail, RFT at:

Silvacare Inc.
#3 – 145, 19th Street
Courtenay, BC V9N 9G2

Or via email at Ken.MacPhail@Silvacare.com

While we genuinely appreciate the effort and time involved for those who apply, please note that only qualified individuals will be short listed and contacted for an interview.
