FORESTRY AND CONSTRUCTION ACCESS SUPERVISOR
FOREST OPERATIONS
ATCO ELECTRICITY GLOBAL BUSINESS UNIT
EDMONTON, AB

Great Opportunities. Great People.
One Company, Infinite Possibilities

WHO WE ARE

With approximately 7,000 employees and assets of $22 billion, ATCO is a diversified global holding corporation with investments in Structures & Logistics (workforce housing, innovative modular facilities, construction, site support services, and logistics and operations management); Energy Infrastructure (electricity generation, transmission, and distribution; natural gas transmission, distribution and infrastructure development; energy storage and industrial water solutions; and electricity and natural gas retail sales); Transportation (ports and transportation logistics); and Commercial Real Estate. More information can be found at www.ATCO.com

DESCRIPTION:

The Forestry and Construction Access group provides support through the planning and execution of the Forestry/Construction Access/Reclamation phases of a project. This includes the interaction and collaboration with various internal and external stakeholders. This position is a 20/80 time split between the office and the field with work shifts primarily being an 8 and 6 based work role depending on project planning and execution requirements.

RESPONSIBILITIES:

- Support AE’s Transmission/Distribution project processes (attending project team meetings, collaborating on route/site selection, identifying possible landowner/First Nation issues; identifying possible land acquisition issues and providing the project lead with regular updates regarding project status).
- Establish appropriate financial approvals including requisitions/purchase orders prior to work commencement.
- Follow established project controls in relation to the Access/Forestry phase of a project.
- Implement project plans.
- Follow established Contractor Management processes.
- Ensure project deliverables/targets are met as set out in planning phase of project.
- Schedule and cost estimating.
- Report on project process and discipline safety/cost/progress data.
- Provide timely accurate reporting of progress/issues that could impact project metrics, company/corporate metrics, or AE image
- Follow Safety Leadership Accountabilities as per corporate metrics.
- Support/coordinate incident investigations as required.

QUALIFICATIONS:

- Post-secondary diploma or degree in Forestry or Environmental Science.
- Minimum five years of operational forestry experience.
- Registered Professional Forester or Registered Professional Forest Technologist designation.
- Comprehensive knowledge of applicable Provincial/Federal legislation.
- Extensive knowledge of the forestry and oil and gas industries.
- Comprehensive knowledge of the OH&S Regulations and be able to provide oversight and direction when required to ensure work is always executed safely.
- Strong general understanding of the respective legal documents pertaining to leases, permits, and right-of-way dispositions.
- Comprehensive knowledge of operating practices applicable to forestry and reclamation related operations.
- Excellent, organizational, communication, interpersonal and leadership skills.
FORESTRY & CONSTRUCTION ACCESS SUPERVISOR CONTINUED:

- Proven skills in project execution and contractor management.
- Excellent problem solving, decision making, and conflict resolution abilities.
- Assertive and can deal with difficult and demanding customers.
- Interpret legal and survey documents.
- Work with limited supervision.
- Track/monitor/report on various deliverables.
- Prioritize and organize own work.
- Excellent time management, organizational and planning skills.
- Attention to accuracy and detail.
- Proficient in handheld gps usage, AbaData, MS Office Suite - Word, Excel, PowerPoint and Outlook.
