

Forestry Technician — Intermediate or Senior

Amabilis Forestry Consulting | 100 Mile House, BC

Amabilis Forestry Consulting is looking for a **Forestry Technician** to join our small team in the South Cariboo.

We're ideally looking for an experienced technician, but **we're open to the right person at either an intermediate or senior level.**

The Position

- Full-time, based in **100 Mile House**
- Primarily field-based with some office work
- Local South Cariboo projects — **home every night**
- Opportunity to take ownership of your work and projects
- Compensation based on **experience and qualifications**
- Flexible vacation time
- Gear allowance
- Dog-friendly workplace
- \$25 - \$35/hr, based on experience and skills

Responsibilities

- Timber cruising and forest inventory

- Block layout and reconnaissance
- Road layout and assessment
- Forest development and harvest planning
- GPS and field data collection
- Silviculture and forestry assessments
- Mapping, GIS and project reporting

What We're Looking For

- RFT or RPF designation, or relevant forestry education and experience
- Valid driver's licence
- Experience with **ArcGIS, RoadEng, LRM and Microsoft Office** is an asset
- Self-starter with good communication skills
- Takes pride in quality work
- Comfortable working outdoors
- Team player with a good sense of humour

Why Amabilis?

We're a **small forestry consulting company** that takes pride in high-quality work and responsible forestry.

We're also an outdoor-minded team. **Hunting, fishing, hiking and enjoying the Cariboo are part of who we are.** We value good work, flexibility, family time and enjoying the place we live.

If that sounds like your kind of workplace, **we'd like to hear from you.**
