

Position Title: Operations Supervisor

We are currently looking for a **Operations Supervisor** to join our growing team working on a pipeline construction project in Alberta on a 7-month term starting in September, with the possibility of extension.

Who we are?

Carson Integrated is a well-respected consulting firm of natural resource management professionals specializing in environmental, forestry, and GIS consulting services to clients in the Upstream Oil & Gas, Pipeline, Sand & Gravel, Electrical Utility, and Forest industries throughout Alberta.

Why work with us?

People are our greatest asset! Because of this, we are committed to developing our employees by providing ongoing training opportunities and rewarding performance that exceeds expectations. Our team is made up of a group of people who are friendly and thrive in a busy (and sometimes unpredictable) work environment. They are fearless and willing to overcome new challenges.

Not only do we work hard, but we like to have a good time at events like our infamous annual Bocce tournament and having drinks together at the end of a busy week. We provide our employees with a progressive, flexible, and collaborative work environment, encouraging an entrepreneurial approach to business coupled with the opportunity for success. At Carson Integrated, you'll be part of a larger team of diverse professionals committed to excellence.

Some things you will be responsible for:

To be successful as an Operations Supervisor at Carson Integrated, you will have experience with most of these areas and are eager to learn and develop the ones you are missing:

- Overseeing and coordinating logging and trucking operations
- Log quality inspections and estimating log volumes
- Environmental management on forestry operations
- Liaising with private landowners, FMA holders, loggers, truckers, and the pipeline construction team
- Working as part of a team in fast-paced environment

Experience and skill set to thrive as a Forest Technologist:

- A university degree or diploma in Forestry or a related field
- 3+ years of forest operations supervision experience (preferably in Alberta)
- Knowledge of forestry policy, regulations, and legislation in Alberta
- Competency with GIS and experience using ESRI Field Maps
- Excellent organizational and analytical skills
- Strong MS Office skills
- Capable of enduring physically demanding field work
- Solid communication skills
- Experience operating a side by side

If you are a team player, a problem solver, a self-starter, and have the desire to thrive and grow in an environment rich in variety, then email your cover letter and resume to:
