

Planning Superintendent

(Mackenzie, BC)

POSITION IS BASED IN MACKENZIE, BC NOT A REMOTE ROLE

Building a premier next generation forest company.

Conifex Inc. — through astute strategic acquisitions and strong leadership is emerging as a major player in the forestry, sawmilling, and biomass power industry. We value our people and take pride in our successes. Operationally, our approach is to blend technology with the expertise of committed, creative, excellence-oriented people.

CONSIDER THE LIFESTYLE

Mackenzie British Columbia offers a warm and welcoming Northern community with outstanding four season outdoor recreational activities, including fishing, hunting, an extensive all season trail systems, world class skiing at Powder King only 45 minutes away, and the Mackenzie ski hill right in town! Mackenzie offers a recreational centre with pool and ice skating arena. A safe and secure family focused community, with excellent home affordability, modern schools, activity centers, and doctors and a hospital right on your doorstep.

Investing in our People - Building our Team

As an integral part of the Fibre Team, the Planning Superintendent is responsible for implementing Environmental and Strategic Plans, together with the delivery of Standing Timber Inventory goals. The Planning Superintendent requires liaising with the Harvesting team, GIS Analyst as well as External Partners and Stakeholders to achieve these goals.

Key Responsibilities:

- Create a highly functional team through effective supervision and development of direct reports
- Develop processes for the consistent establishment and application of programs
- Negotiate contracts with vendors and suppliers
- Achievement of excellence in standardized business processes

- Ensure compliance with all Occupational Health and Safety requirements, applicable legislation and Sustainable Forest Management requirements
- Develop and manage Forest Stewardship Plans
- Develop and manage Forest Operations Maps (FOMs)
- Staying current on legislative requirements and communicating these requirements to the Woodlands team
- Manage First Nations and Stakeholder relationships
- Liaise with government and external industry groups i.e. Landscape Objectives WG (LOWG)
- Development of standard KPI reporting
- Budgeting and cost control
- Implementation of GAR Orders: Fisheries Sensitive Watersheds, Wildlife Habitat Areas, Species At Risk, Landscape Biodiversity (LOWG)
- Tenure/Partition management, cut control management
- Overseeing landscape-level planning (chart areas, planning cells, total chance planning)
- Overall accountability for GIS (information management systems), quality, consistency and continuous improvement
- Develop and manage stumpage savings initiatives including cut block blending
- Manage the development of all permits, and associated appraisals and ECE's
- STI and timber profile management
- Manage all permitting and assessment contracts
- May need to spend time in logging camps and work a diverse range of hours
- This position may require the ability to undertake fieldwork under unpredictable environmental conditions

Here's What we are looking for:

- University Degree or Technical Diploma in Forestry, Natural Resource Management. RPF, RFT
- Registered as a forestry professional with Forest Professionals BC
- Minimum 5 years' experience across a spectrum of forestry work including cruising, planning, harvesting and silviculture would be considered an asset
- Strong work ethic and love of the outdoors
- Excellent leadership and communication skills, project management skills, and an ability to work within a team environment.

- Ability to build partnerships with First Nations and stakeholders, and foster trust.
- Knowledge of applicable BC legislation and policies
- Self-motivated team player with ability to communicate verbally and in writing.
- Strong computer skills and aptitude for forestry-based technologies

Here's What We Offer:

- The salary range for this position is between \$90,000-\$120,000.
- Comprehensive health benefit package, including an annual health spending allowance.
- Excellent Pension
- A wide range of career and professional development and training opportunities.
- Flexible work hours.
- A future which is supported by a robust timber supply.
- The chance to live and work in an active and growing community offering the best aspects of small town life with a wide range of amenities, including superb outdoor recreational opportunities of all types, a recreational center (pool and arena), extensive all season trail systems, golf course, hospital, and nearby ski hill (Powder King); all within a 2 hour drive of the city of Prince George, the University of Northern BC, and an international airport.

Applications will be accepted until the position has been successfully filled.
