

Career Opportunity – Forest Planners

Crowhurst Forest Management Group (CFMG) is a well-respected coastal forestry consulting firm based in Campbell River, BC. Our team works on a diverse range of coastal forest engineering and planning projects, including road engineering, harvest layout, timber valuation, and silviculture planning.

We are currently looking for **Assistant, Intermediate, and Operations Forest Planners** to join our team.

CFMG offers a collaborative work environment where planners can build strong technical skills. Our team values professionalism, independence, and continuous learning. We are committed to supporting individuals seeking to advance their careers in forest engineering and operations planning. At CFMG, you will work alongside experienced planners on real operational projects across the BC coast, where our supportive environment allows motivated individuals to develop their skills, take on increasing responsibility, and build a long-term career in forestry.

Our office is located in **Campbell River on Vancouver Island**, offering outstanding access to mountain biking, fishing, skiing, and the outdoors.

Ideal Candidate

Operations Forest Planner

- Strong understanding of coastal road and cutblock layout
- Experience with coastal traversing requirements and standards
- Experience managing engineering crews
- Proficiency with RoadEng, GIS software, GPS surveying tools, and standard office software
- Ability to mentor Intermediate and Assistant planners
- Excellent communication and organizational skills

Intermediate Forest Planner

- Good understanding of coastal road and cutblock layout
- Experience with GPS surveying, data processing, and road engineering software
- Confidence in road traversing and road reactivation surveys
- Strong communication skills
- Some experience supervising field crews
- Motivated, able to work independently, driven to grow and succeed

Assistant Forest Planner

- Minimum 1 year of forestry experience, completion of a forestry program, or the right attitude
- Strong work ethic and willingness to learn
- Good communication skills
- Living in the Campbell River region or willing to relocate.

Compensation for these roles ranges from \$22 to \$35/hr, depending on experience and position, with opportunities for growth as skills and responsibilities increase.
