

## Sawmill Supervisors

Twin Rivers is a leading integrated manufacturer of lumber, specialty packaging, label and publishing paper products with operations in Canada and the United States.

Plaster Rock is a softwood lumber mill in New Brunswick that produces over 175 million fbm (415,000 M<sup>3</sup>) annually of dimension lumber and studs. The mill is ideally located close to the Maine US border to serve the Northeast US housing market.

Career opportunities are currently available for Sawmill Supervisor, Planermill Supervisor and Maintenance Supervisors. The Sawmill / Planermill Supervisory positions will be of interest to persons who have a successful record of supervisory experience in sawmill and/or planermill operations. While candidates for the Maintenance Supervisory positions will ideally have sawmill / planermill experience, consideration will be given to those persons with a successful career in maintenance supervision in other industrial environments.

While the community of Plaster Rock provides some local housing, most employees reside in nearby Grand Falls, population 5,700. This vibrant picturesque community includes excellent services and educational facilities; reasonable housing costs; and a community spirit that provides the very best in lifestyle opportunities.
