

PRODUCTION SUPERVISOR – WOOD PRODUCTS

British Columbia's largest value-added lumber manufacturer is dedicated to getting more value from every tree.

Reporting to the Production Superintendent, the Production Supervisor provides leadership to production employees to assist them in making outstanding contributions:

- Train and supervise adherence of safety procedures, job duties and company policies
- Initiate and develop a success-oriented employee attitude that encourages on-going performance improvement
- Resolve work issues, provide technical advice and direct measures to improve safety, productivity and product quality
- Ensure systems and equipment are operating efficiently and maintenance scheduling is current

Preferred Candidate Qualifications / Attributes:

- A successful career record of supervision in lumber remanufacturing / value-added and/or sawmill operations
- A quality focus able to foster a culture of safety, innovation and proactivity
- A fair and caring attitude to employees' issues, concerns and ideas

Prince George, a modern energetic city of 77,000 population, is the business and transportation hub of central British Columbia. It has all of the services; recreational facilities; health care; education institutions including a major university that provide an outstanding lifestyle environment.

Full benefit package and remuneration above \$80,000.
