

SAWMILL / REMAN PLANT MANAGER

VANCOUVER ISLAND

OVERVIEW

This highly diversified company manufactures lumber, plywood and value-added wood products at plants on Vancouver Island and in the British Columbia Interior; manages one of Canada's largest wholesale wood products groups that markets forest products worldwide; and has a major trucking business. Visit: www.centurionlumber.com.

THE OPPORTUNITY

Centurion Lumber has a lumber manufacturing facility at Chemainus BC on Vancouver Island providing exceptional quality products from both Coastal and Interior species (W.R. Cedar, Douglas Fir, Hem-Fir, and SPF). Due to the planned retirement of the current Plant Manager, the company is seeking an experienced wood products professional to join company plant management, learn the operational details and take over as Plant Manager.

This is a hands-on role ideal for someone who has broad experience in value-added lumber production including quality control.

THE LOCATION

Between Victoria and Nanaimo, this area is considered one of Canada's best lifestyle regions with residence at sea-side locations like Chemainus, Ladysmith, Duncan and others. Learn more about this beautiful area by visiting websites: www.visitchemainus.ca; www.chemainus.com; and numerous other websites on the Cowichan region.

REMUNERATION

Competitive remuneration, a full benefit program and, if applicable, relocation assistance should be expected.

Interested persons should forward resumes or for further information, please contact:
