

Private Lands Forest Manager

Western Nova Scotia

Salary: CAD \$4,500 - 5,500 monthly

Employment Type: Permanent

About Green Value Management:

We're a leading forest management firm dedicated to sustainable practices on privately owned woodlots throughout Nova Scotia and New Brunswick. We consistently exceed return targets while implementing innovative, science-based approaches. Our team blends technology and traditional expertise for holistic forest management. Learn more at www.greenvalue.ca.

About the Opportunity:

Are you a highly motivated and results-oriented forestry professional? Do you thrive in a dynamic outdoor environment and have a proven track record of success in Nova Scotia and/or New Brunswick's forestry sector? We're searching for a skilled Forest Manager to autonomously plan, execute, and oversee all harvesting and silviculture activities across our extensive land holdings.

Key Responsibilities:

- Develop and implement strategic harvesting and silviculture plans.
- Oversee road construction and maintenance.
- Proficiently manage wood product marketing and sales.
- Supervise planting, early competition control, and pre-commercial thinning.
- Secure and manage public funding for projects.
- Conduct thorough stumpage and land valuations.

Qualifications:

- Bachelor of Science in Forestry or equivalent extensive experience in a leadership role within the Nova Scotia and/or New Brunswick forestry industry.
- Minimum 5 years of experience in roles such as stumpage buyer, woodlands manager, or supervisor of harvesting/silviculture operations is an advantage.
- Strong network of industry contacts and experience marketing various wood products.
- Proven ability to engage with landowners and manage land acquisition.
- Exceptional organizational, time management, and problem-solving skills. Ability to work independently and make sound judgments.
- Proficiency in Microsoft Office Suite, ArcGIS, and the use of smartphones and drones.
- Valid Nova Scotia driver's license (Class 5 or equivalent) and reliable vehicle suitable for forest roads.
- **Current residency in Canada and valid work permit are required.**

Benefits:

- Competitive salary (CAD \$4,500 - \$5,500 monthly)
- Mileage reimbursement
- Comprehensive health care benefits

Working Conditions:

This position requires both field and office work.

- Expect variable hours, particularly during peak seasons.
- Safety is paramount; you'll adhere to strict protocols and utilize appropriate PPE.
- You will interact extensively with landowners, contractors, and regulatory bodies.
- The role necessitates data collection, analysis, reporting, and the operation of field equipment (GPS, drones, etc.).
- A commitment to environmental stewardship and sustainable forestry practices is essential.

What We Offer:

- **Continuous Development and Growth:** Emphasizing continuous personal and professional development, with the potential for becoming an integral part of the team, and even exploring entrepreneurial roles based on strong performance.
- **Engaging Work Environment:** Thrive in a stimulating and dynamic workplace that encourages innovation and professional growth.
- **Flexible Work Arrangements:** Embrace the benefits of adaptable working schedules, providing you with the flexibility to manage your work commitments effectively.
