

Excellence grows here.

Job Opportunity: Planning Forester, Adams Lake, BC

Who We Are

Interfor is a growth-oriented lumber company with operations in Canada and the United States. We have an annual production capacity of 3 billion board feet and offer one of the most diverse lines of lumber products to customers around the world.

What We Offer

Interfor is where excellence meets opportunity. We invest in your success by positioning you alongside the best people in top quartile mill facilities located in great communities across North America. In the past decade, we've infused close to \$1 billion into modern facilities and systems that employ the latest technologies.

Interfor is one of the largest lumber companies in the world and we're growing in exciting directions. Come be a part of our success.

We are currently recruiting for a **Planning Forester for our sawmill in Adams Lake, BC**. The Planning Forester will be a key part of our planning team responsible for all aspects of timber development. Our Planning Foresters can balance a mix of field and office work and require a strong commitment to safety and to the environment.

What You'll Do

- Cutting permit administration, appraisal preparation and submission.
- Contract administration, supervision, and quality control of consultant development.
- Site plan, logging plans and road plan preparation consistent with our Forest Stewardship Plan.
- Preparation and submission of reappraisals.
- Government and stakeholder liaison.

What You Offer

- Must be an RPF registered or eligible to register with the Association of BC Forest Professionals.
- Preference would be given to candidates with experience in a similar capacity within the industry.
- Background in road and cutblock layout, surveying, cruising and/or scaling, a working knowledge of harvesting systems including cable/winch assist.
- Strong computer skills and related software knowledge including forestry applications like LIMS, Resources, Survey 123 and SNAP.
- Supervision experience.
- Dependable and high level of physical fitness.
- Provide strong safety leadership and the ability to identify and reduce risk throughout operations.

- Strong understanding of the Interior Appraisal Manual and the Post-Harvest Appraisal Reconciliation Model (PHARM).
- Ability to develop and maintain effective relationships with government agencies, contractors, suppliers, First Nations and other stakeholders.
- Excellent Interpersonal and Communication Skills and ability to work effectively in a highly interactive/energetic team environment.
- Detail & results oriented.
