

WOODLANDS MANAGER

Reporting to the Lisims Forest Resources President, the Woodlands Manager is responsible for directing and managing the contractual, operational, planning and performance requirements for Lisims Forest Resources LP. In this role your responsibilities may include, but are not limited to developing, directing and/or managing:

- the Safety Management System
- the Environmental Management System
- multi-year Harvest Plans for the Nisga'a Public Lands Licence timber tenure and negotiating approvals with the Nisga'a Lisims Government.
- forest cut-block and road engineering
- timber harvesting and log marketing contracts or service agreements
- financial reporting
- Silviculture obligations and activities
- staff and contractors
- relationships with the Nisga'a Village Governments
- new forest-based Nisga'a employment and businesses
- relationships with other licensees and governments outside the Nisga'a Treaty Lands

The ideal candidate is a leader with excellent verbal and writing talents, strong analytical and organizational skills, high energy and commitment level in concert with being a team builder and player. Previous forestry operational and planning experience are definite assets. Completion of an accredited forest related post-secondary program coupled with registration, or eligibility for registration with the Association of British Columbia Forest Professionals (ABCFP) is required.

Lisims Forest Resources LP office is in New Aiyansh, British Columbia, which is in the Nass River valley north of the city of Terrace, BC. The successful candidate may choose to reside in Terrace, BC.

Please submit your letter of application and resume, in confidence to:
