

Forest Professional or Forest Technologist

Maple Leaf Forestry Ltd. is a well-established natural resource consultant based out of **Cranbrook, BC**. We are hiring both new ambitious trainees looking to build a diverse career, as well as experienced RPFs and RFTs keen on fostering the next generation of forest professionals.

The successful candidates will work on a diverse range of multi-phase projects in forestry and other natural resource sectors. Responsibilities may include: road and cut block design, reconnaissance, and layout; environmental and wildlife assessments; monitoring operations; developing prescriptions for timber harvest, wildfire risk reduction, and ecosystem restoration; appraisals; permitting; and developing block- or landscape-level plans.

What We Offer:

- ◇ Competitive wages with benefits and a focus on work-life balance.
- ◇ A Monday-to-Friday work week with weekends off and no camp work.
- ◇ Qualified sponsors for *Forest Professionals BC* trainees and coverage of annual professional dues.
- ◇ Diverse work experience and opportunities for career advancement.
- ◇ A supportive team environment with on-the-job training.

Preferred Designation, Experience, and Skills:

- ◇ Designation as a Registered Professional Forester (RPF) or Registered Forest Technologist (RFT), or Trainee (FIT, ASFIT, TFT, ASTFT) in good standing with *Forest Professionals BC*, or eligibility.
- ◇ Outdoor enthusiast with a moderate fitness level.
- ◇ Experience in field data collection, preparing reports and summaries, and conducting quality assurance on project deliverables.
- ◇ Project management skills and leadership for collaborating with team members to achieve project goals.
- ◇ Class 5 driver's license.
- ◇ Conversancy with MS Office Suite® and collecting field data on iPad apps.

To apply, please email your cover letter and résumé to Shane Holley, RFT - General Manager
