

## **Silviculture Forester Required**

RW Forestry Inc. is an established, Thunder Bay based, forestry consulting company that provides Planning and Renewal Support Services primarily to Resolute Forest Products on the Black Spruce, Caribou, Crossroute, Dog River – Matawin, and English River Forests. We are looking for a self motivated individual to fill the full-time position of a Silviculture Forester. This position will involve working both independently and as part of an excellent and supportive team of 11 full-time staff. As a Silviculture Forester, most of the responsibilities will be carried out in the field during the snow free season and in the office over winter.

Typical responsibilities include:

- Forest Operations Prescriptions
- Various Silviculture Surveys
- Tree plant quality assessments
- Mechanical site preparation assessment
- Harvest block boundary marking
- Data entry and GIS work
- Other work as required

The ideal candidate will possess the following qualifications:

- Forestry Diploma or Degree
- knowledge of MS Office software
- Tree plant experience
- GIS and GPS experience
- have a strong work and safety ethic
- strong organizational and interpersonal skills
- strong writing skills
- possess a valid class G drivers license with a good driving record

Salary:

- TBD based on experience
- Competitive Group Benefits Plan

Please reply via email with a single page cover letter and resume (one combined file \_ MS Word or PDF) explaining your interest and suitability for the position to **dan.radul@resolutefp.com** on or before May 24, 2019. Selected candidates will be contacted for an interview.

**\*Only candidates with experience working in the Canadian Boreal Forest will be considered.**
