

Coastal Forest Engineering Campbell River

Ranger Forest Services seeks a person with at least five years BC coastal forest engineering experience to join our team. The position is based in Campbell River with field work on Vancouver Island and the Sunshine Coast. Applicants should be well versed in the use of Softree RoadEng, ESRI Arcmap, Land Resource Manager, Trimble Pathfinder Office and other related software. Experience with ECAS is an asset.

Eligibility for registration with the ABCFP as an RFT or RPF is required.

This is a permanent full-time position with a wage reflecting qualifications and experience. Remuneration includes a comprehensive benefits package with excellent health/dental coverage, long term disability and a pension plan.

Ranger Forest Services is a safe, quality focused professional forest service provider that strives to exceed our client and employee expectations. Working safely is a condition of employment in which all employees, clients and contractors are treated in a fair, respectful and dignified manner. We provide a very flexible and supportive work environment.

To apply for a position please forward your resume to info@rangerforest.ca.

Thank you for your interest in Ranger Forest Services, applicants short listed for the position will be contacted.
