

Sidley Mountain Forestry Consultants Ltd.

Forest Professionals / Timber Cruisers / Technicians

Career Opportunity to join a dynamic and diverse team of professionals who enjoy their jobs and the outdoors. We recognize the importance of teamwork in these challenging and rewarding positions, while enjoying a balance of work with personal life.

Sidley Mountain Forestry Consultants Ltd. is an established resource management and forest development company providing full phase Forest Development and Harvest Operations Supervision services with a focus on Safety, Quality and Productivity for over 26 years. Our base of operations is located between Osoyoos and Rock Creek, B.C. in the beautiful diverse Boundary/South Okanagan Region. There are a variety of local communities where our staff can choose to live and work.

Our clients are increasingly working alongside local First Nations to achieve landscape level and cut-block level objectives. Our work includes implementing these plans on the ground and ensuring First Nation values and resources are being managed and protected.

We are looking for Forest Development staff with a variety of training and experience. Individuals with a strong commitment to safety, quality work and efficiency in all work activities. The required position skill sets include:

Forestry Supervisor is responsible for all phases of cutting permit development projects, including conventional, winch-assist and cable systems. They understand bigger picture objectives and project planning, are responsible for crew supervision and assume the important role of communicating with, and submitting quality deliverables to the client. Ideal candidates will have:

- Post Secondary Forestry Education; Registered or eligible for registration with ABCFP as RPF or RFT.
- 5 years of cutting permit development experience including recce, cut block / road engineering, assessments and detailed planning field work experience.
- Understanding of BC Forest Legislation, Site Plan, Cutting Permit & Appraisal requirements in the BC Interior.
- Strong communication and organization skills.
- Team leadership abilities in a forest development setting, including previous crew lead experience.
- Proficiency and / or working knowledge with computer software including ArcGIS, RoadEng, Word, Excel.
- A valid Class 5 Drivers License with a clean abstract.
- Knowledge and ability to operate off road vehicles.

Senior / Junior Timber Cruisers will work in a crew environment joining a Safe, High Quality and efficient team of timber cruisers known for outstanding performance in the industry. Many opportunities exist to move up in the company and gain valuable experience and training in other cutting permit development roles. Ideal candidates will have:

- Post Secondary Forestry Education; Registered or eligible for registration with ABCFP as RPF or RFT.
- Timber Cruising experience.
- Cutting permit development experience, including recce, layout, assessments etc.
- A valid Class 5 Drivers License with a clean abstract.
- Knowledge and ability to operate off road vehicles.
- GPS survey experience is an asset.
- Working knowledge of ArcGIS, CruiseMate, Word, Excel.

Sidley Mountain Forestry Consultants Ltd.

Senior / Intermediate / Junior Technicians will work with and assist lead planning staff and supervisors in all elements of cutblock and road development for both conventional and cable harvest planning. Ideal candidates will have:

- Post Secondary Forestry Education; Registered or eligible for registration with ABCFP as RPF or RFT.
- Cutting permit development experience, including recce, layout, assessments etc.
- Timber Cruising experience.
- A valid Class 5 Drivers License with a clean abstract.
- Knowledge and ability to operate off road vehicles.
- GPS survey experience is an asset.
- Working knowledge of ArcGIS, Word, Excel.

We offer competitive wages commensurate with training, experience and performance. In addition, a comprehensive benefit package, performance bonuses, allowances and an opportunity for career advancement.

Please apply by sending your resume and cover letter along with any questions by email to employment.sidley@gmail.com.

We would like to thank all applicants in advance for their interest and consideration in joining our team, however only those selected for interview will be contacted.
