

Sidley Mountain Forestry Consultants Ltd.

Forest Professional / Timber Cruiser / Technician

Career Opportunity to join a dynamic and diverse team of professionals who enjoy their jobs and the outdoors. We recognize the importance of teamwork in these challenging and rewarding positions, while enjoying a balance of work with personal life.

Sidley Mountain Forestry Consultants Ltd. is an established resource management and forest development company providing full phase Forest Development and Harvest Operations Supervision services with a focus on Safety, Quality and Productivity for over 26 years. Our base of operations is located between Osoyoos and Rock Creek, B.C. in the beautiful diverse Boundary/South Okanagan Region. There are a variety of local communities where our staff can choose to live and work.

Our clients are increasingly working alongside local First Nations to achieve landscape level and cut-block level objectives. Our work includes implementing these plans on the ground and ensuring First Nation values and resources are being managed and protected.

We are looking to fill a Forest Development position with an individual who is committed to safety, quality work and efficiency in all work activities and has a strong background in cutting permit development activities including planning, recce, cutblock/road engineering, assessments, and/or timber cruising. If this individual is the right fit and displays leadership qualities, there are opportunities to progress into a supervisor role. Ideal candidates will have:

- Post Secondary Forestry Education; Registered or eligible for registration with ABCFP as RPF or RFT.
- An understanding of BC Forest Legislation, Site Plan, Cutting Permit & Appraisal requirements in the BC Interior.
- Strong communication and organization skills.
- Proficiency and / or working knowledge with computer software including ArcGIS, RoadEng, Word, Excel.
- A valid Class 5 Drivers License with a clean abstract.
- An understanding of conventional, winch assist and cable harvest systems.

We offer competitive wages commensurate with training, experience and performance. In addition, a comprehensive benefit package, performance bonuses, allowances and an opportunity for career advancement.

Please apply by sending your resume and cover letter along with any questions by email to employment.sidley@gmail.com.

We would like to thank all applicants in advance for their interest and consideration in joining our team, however only those selected for interview will be contacted.
