WHY STRATEGIC?

If you are seeking a rewarding career in:

**Field Engineering / Cutblock
and Road Layout**

**Timber Cruising & Waste
and Residue**

Forestry / Silviculture

**Wildland Firefighting / Fire
Scanning**

**Environmental / Biological
& Monitoring**

Oil & Gas / Mining

We've got a career path for you. We are one of the largest natural resource consultants in BC with a steadfast reputation as industry leaders and trusted advisors in our professional communities.

HOW TO APPLY?

Visit <https://snrc.ca/careers> to view postings and apply today!

TAKE YOUR STUDIES INTO THE FIELD

- Work alongside experienced natural resource industry professionals in the most spectacular, remote, rugged work sites in the Pacific Northwest
- Gain experience in your desired career designation
- Receive mentorship from industry leaders in the natural resource sector of your studies
- Ongoing career path support from our team tailored to your professional trajectory
- Travel and accommodations support of \$1,500 for new hires who relocate for the summer
- Financial and sponsorship support for grads pursuing their designations

WHAT YOU NEED

- Able and willing to work in physically and mentally challenging remote locations on a consistent basis
- Willing to be trained and work with our Wildland Firefighting crew
- Flexible and adaptable to last minute shift or project changes
- Available to work full-time from May to the end of August
- Able to find and afford accommodations for the summer season in the community in which we hire you
- Punctual and Prepared - Specific gear required to be purchased
