

Job Opportunity: Forest Technician

Employment type: Full time, 12-month term from September 2026- September 2027 (extension opportunity based on performance)

Number of Positions Open: 2

Location: Edmonton, AB with regular out of town work

Come Work with Us! TK Array is actively looking for a **Forest Technician** with field work experience.

TK Array

Located out of Edmonton, TK Array is a provider of forestry, environmental and First Nations services. We are currently involved in a wide variety of projects, including caribou habitat restoration, tree planting, wildlife monitoring and First Nations consulting. We are committed to providing the forestry and environmental sectors with services of the utmost quality. Much of our work is based around High Level, Rainbow Lake and Peace River. Our work culture is centered around work-life balance, employee satisfaction, safety and mutual respect. We have strong professional and personal ties to the areas we work in and this is reflected in the care we put into our delivered product.

THE POSITION

The Forest Technician is mainly responsible for providing field assistance on our various field projects. This includes, but is not limited to:

- Field layout and reconnaissance of project areas. This includes identifying suitable areas for development/operations based on the applicable legislation and project goals.
- Wildlife camera installations.
- Working in challenging terrain, weather and access areas. This position requires walking through forested areas with uneven footing.
- Crew supervision and cooperation. The field personnel will assist with getting other project participants ready for work where needed.
- Maintain a professional conduct with clients and public members. Be a strong ambassador for TK Array.

This is an hourly position, with a range of \$25-30 hourly. Applicant pay will be based on experience and productivity. The typical field shift is 10 days on and 4 days off, with a

minimum of 8 hours spent in the field daily. This position is predominantly field based, with 1-4 office days a month required.

Out of town work will be regularly required. If so, all applicable costs will be covered and managed by TK Array including accommodations, vehicle and equipment costs.

QUALIFICATIONS AND COMPETENCIES;

- A minimum of 6 months of forestry/environmental field work experience.
- Valid class 5 driver's license,
- Physically fit,
- Able to work outdoors in all weather conditions,
- Able to work both independently and with a team in isolated conditions,
- Attention to detail and excellent data management,
- Post-secondary education with a diploma or degree in a relevant discipline is an asset, but not a requirement.

WHAT WE PROVIDE

TK Array provides competitive wages, with the hourly rate being based on the individual's experience and skill set.

For the right candidate, there are opportunities for an extended work term beyond September 2027 (or full-time opportunities), with the ability to try different tasks or positions.

This opportunity will provide a variety of experience to the employee, enabling them to build real-world forestry and environmental skillsets to help further their career path.

TK Array welcomes applications from everyone and is looking for the most suitable individual with the skills and knowledge to effectively complete the duties required of the position.

APPLY NOW

To apply for this position, please email your resume or any questions to:

Emily.Byvank@tkarray.ca

Deadline to apply: Open until filled

We thank all applicants for their interest, however, only candidates selected for interviews will be contacted.
