

OPERATIONS FORESTER – HIGH LEVEL, ALBERTA

Reporting to the Divisional Operations Superintendent, the Operations Forester will be engaged in a diverse and dynamic role within the Alberta Woodlands team, focusing on a commitment to safety, health, and the environment. Key roles of this position include but are not limited to:

- Full engagement and active participation in the Safety Management system to achieve an injury-free work environment.
- Supervising harvest and haul contractors to ensure safety, efficiency, and excellent environmental performance.
- Supervising field layout contractors to ensure high quality harvest designs are submitted to Government approval agencies.
- Coordination of West Fraser owned roads and associated maintenance and inspections.
- Coordination of field based tasks related to the Company's reclamation program.
- Coordination of the debris disposal program and associated fire control tasks.
- Assisting with the preparation of annual budgets.
- Implementing activities related to certification initiatives.
- Assisting in the development of harvest and silviculture plans including associated field work.

The ideal candidate must have excellent interpersonal skills; the ability to work in a team environment with people of different backgrounds; strong analytical and organizational skills; and a high energy and commitment level. Preference will be given to individuals who are eligible or are currently members of the Association of Alberta Forest Management Professional (AAFMP) with at least 2 years of related forestry experience. Candidates with other post-secondary education credentials and employment experience in related fields may be considered. A current Class 5 driver's license is required. Proficiency with LIMS, LRM, ESRI GIS products, and MS Office applications would be considered an asset.
