

Western Canadian Timber Products (WCTP) is a locally owned and operated logging and tenure management company located in the Fraser Valley. It provides full phase, multi-discipline forestry management to an array of Forest Licenses, Woodlot, and First Nation Partnerships.

WCTP is currently accepting applications to join the Engineering Department for the following positions:

**Summer Student/Junior/Intermediate Technician:** hourly position \$24-27/hour

- Class 5 Driver's License
- Committed to safety and strong work ethic
- Able to endure the rigors of working in outdoor setting in all Four seasons.
- The ideal candidate(s) will have a passion for working in the outdoors and be established within the Fraser Valley; preference would go to those enrolled in an approved resource management institute.

The scope of the work is based 100% with in the Fraser timber supply area (Mission, Harrison, Fraser Canyon & Hope) consisting of Silviculture Surveys/Road and Boundary Traverses. Renumeration is based on a Ten (10) hour day (~Chilliwack & Area Marshal Point). Additional renumeration is available and merit based. WCTP is committed to safety, indigenous reconciliation and supporting professional development for the skill sets each member brings to the team.

Please direct Resumes to [safety@wctp.ca](mailto:safety@wctp.ca)

All applicants will be considered; only those selected for an interview will be contacted.
